Subject: Dimock-Revised Outreach Materials

Shawn, et al:

See attached Draft communication materials for Dimock... For the communication strategy we need to add info for press and Elected Officials... HQ, specifically Betsida has recently asked when they would get to see our communications materials - I told Terri that we would try to get it to her by next week after we have everyone here review and ok it. I believe Lisa F. also has asked for it in the past.

In regards to the Fact Sheet - this is an attempt to give residents a heads up on us starting our outreach to residents on the results of their data and that we will be rolling it out over a period of weeks. If we are going to issue the fact sheet, it would be better to get it out next week if possible, in advance of our starting our roll out. In re: Administrative Record Public Notice... this is a requirement that we need to publish 60 days after taking action - I think our drop dead date is March 17th, but are planning to publish it on the 15th.

Let me know if you have any questions, comments

Ron
